SUMMARY

Synopsis of Bill

Senate Bill 608 would add a new section to Chapter 60, Article 7A NMSA 1978 making it a fourth degree felony to deliver alcoholic beverages to another person on that person's 21st birthday before: (1) 7:00 a.m. if the person's birthday falls on a day other than Sunday; or (2) 12:00 noon if the person's birthday falls on a Sunday.

FISCAL IMPLICATIONS

The addition of a new felony offense could increase the Corrections Department's costs by the minimal addition to the inmate population and probation/parole caseloads.

However, the financial impact would be minimal to slight based upon the anticipated low number of convictions for this offense. This may be offset some by a minimal amount of

revenue generated by the probation/parolee supervision fees paid during the probation/parole period.

There will be a minimal administrative cost for statewide update, distribution and documentation of statutory changes. Any additional fiscal impact on the judiciary would be proportional to the enforcement of this law and commenced prosecutions. New laws, amendments to existing laws and new hearings have the potential to increase caseloads in the courts, thus requiring additional resources to handle the increase.

PERFORMANCE IMPLICATIONS

The courts are participating in performance-based budgeting. It is unknown if enactment of this bill would impact performance measures as they relate to judicial budgeting.

ADMINISTRATIVE IMPLICATIONS

There may be an administrative impact on the courts as the result of an increase in caseload and/or in the amount of time necessary to dispose of cases.
